

Questions and Answers for Addendum 1:

BMS Request for Application Mountain Health Trust (MHT)

11/9/2023

<i>Question #</i>	<i>Question:</i>	<i>Answer:</i>
1	On Page 3 of the RFA, it states that “in addition to the three (3) MCOs currently contracted for MHT services, the Agency will contract with any Applicants that submit successful Applications to provide MHT services.” Further, on page 8, the RFA provides “The Agency will issue a Service Provider Agreement to Applicants for signature upon Application approval with a start date of July 1, 2024 and that is renewed annually.” Please confirm that the three (3) MCOs currently holding contracts with the Agency today for MHT services (UniCare, Aetna, and THP) are not required to submit an Application in order to obtain a new contract for MHT services effective July 1, 2024, and that their contracts with the Agency will be renewed on July 1, 2024 without the MCO having submitted an Application pursuant to this RFA.	Current Managed Care Organizations do not need to submit a request for application. Current MCOs contracts with the Agency will be renewed on July 1, 2024.
