RE: West Virginia State Plan Amendment (SPA) 13-0009

Dear Commissioner Atkins:

Enclosed for your records is an approved copy of West Virginia's Alternative Benefit Plan (ABP) State Plan Amendment 13-0009. This ABP, which was submitted on December 20, 2013, meets all federal statutory and regulatory requirements for establishing an ABP.

All requirements pertaining to ABPs must be met including, but not limited to: benefits, payment rates, reimbursement methodologies, cost-sharing State Plan pages, and (if applicable) managed care service delivery systems (waivers and contracts). Amendments to the State's approved Medicaid program (SPAs, waivers, contracts) may require corresponding amendments to the ABP if the change to the benefit in the approved State Plan will be mirrored in the ABP.

This ABP SPA is approved effective January 1, 2014, as requested by West Virginia. Enclosed is a copy of the CMS Summary Page (CMS-179 form) and the approved State Plan pages.

Congratulations to you and your staff for your hard work and strong collaboration. If you have any questions, please contact Margaret Kosherzenko at 215-861-4288 or by email at Margaret.Kosherzenko@cms.hhs.gov.

Sincerely,

Associate Regional Administrator

Eransis McCullough

Provide a copy of the letter, email text or other communication text that will be used to inform individuals about their options for enrollment.

An attachment is submitted.

When did/will the state/territory inform the individuals?

During the full application process, whether the application is completed in the Marketplace or in the county office, if a member answers YES the following question: "Does this person (or you, depending on the person completing the form) have a physical, mental, or emotional health condition that causes limitations in activities (like bathing, dressing, daily chores, etc.) or live in a medical facility or nursing home?" it will trigger a "Medical Frailty Notice" along with the Medicaid eligibility determination notice informing them they have the right to choose between the Alternative Benefit Plan (ABP) and the state's Traditional Plan.

Every member will receive a copy of their Rights and Responsibilities including information about medical frailty and how to get more information regarding their coverage options. A copy of the Rights and Responsibilities is also provided to every member at the time of their annual redetermination or in the event they have an eligibility category change.

West Virginia provides copies of "Your Guide to Medicaid" which also has information about medical frailty and who to contact if a member falls into the description. Additionally, anytime a member goes to a county office they are given a copy of the Rights and Responsibilities to sign acknowledging receipt and a copy is placed in their case file.

Please describe the state/territory's process for allowing individuals in the Section 1902(a)(10)(A)(i)(VIII) eligibility group who meet exemption criteria to disenroll from the Alternative Benefit Plan defined using section 1937 requirements and enroll in the Alternative Benefit Plan defined as the state/territory's approved Medicaid state plan.

During the full application process, whether the application is completed in the Marketplace or in the county office, if a member answers YES the following question: "Does this person (or you, depending on the person completing the form) have a physical, mental, or emotional health condition that causes limitations in activities (like bathing, dressing, daily chores, etc.) or live in a medical facility or nursing home?" it will trigger a "Medical Frailty Notice" along with the Medicaid eligibility determination notice informing them they have the right to choose between the Alternative Benefit Plan (ABP) and the state's Traditional Plan.

Regardless of how the member answers the aforementioned question, every member will receive a copy of their Rights and Responsibilities including information about medical frailty and how to get more information regarding their coverage options. A copy of the Rights and Responsibilities is also provided to every member at the time of their annual redetermination or in the event they have an eligibility category change.

West Virginia provides copies of "Your Guide to Medicaid" which also has information about medical frailty and who to contact if a member falls into the description. Additionally, anytime a member goes to a county office they are given a copy of the Rights and Responsibilities to sign acknowledging receipt and a copy is placed in their case file. County workers and fiscal agent member help line staff are well informed about the rights and responsibilities and are able to assist members with the necessary information to change their choice of benefit plan packages if they so choose.

A Medicaid member can self-identify at any time during their eligibility period as having a chronic substance use disorder, serious and complex medical condition, or a physical, behavioral, intellectual, or developmental disorder and can discuss coverage options with their doctor, contact Member Services or visit the fiscal agent website for additional information.

- The state/territory assures it will document in the exempt individual's eligibility file that the individual:
  - a) Was informed in accordance with this section prior to enrollment;
  - b) Was given ample time to arrive at an informed choice; and
  - c) Chose to enroll in Alternative Benefit Plan coverage subject to section 1937 requirements or defined as the state/territory's approved Medicaid state plan, which is not subject to section 1937 requirements.

The state/territory assures that it will promptly process all requests made by exempt individuals for disenrollment from the Alternative Benefit Plan and has in place a process that ensures exempt individuals have access to all standard state/territory plan services or, for beneficiaries in the "Individuals at or below 133% FPL Age 19 through 64" eligibility group, optional enrollment in Alternative Benefit Plan coverage defined using section 1937 requirements, or Alternative Benefit Plan coverage defined as the state/territory's approved Medicaid state plan.
Describe the process for processing requests made by exempt individuals to be disenrolled from the Alternative Benefit Plan:
Individuals who self-identify as medically frail at the time of application, will return the notice included with their eligibility determination in order to notify the State that they would like to be disenrolled form the ABP. Instructions for completing this process are included in their eligibility determination notice.
Individuals seeking exemption from the Alternative Benefits Plan at any time during their period of eligibility will notify the Bureau for Medical Services or their designee who will initiate the change process. The appropriate contact information for the Bureau is included in their eligibility determination notice, the rights and responsibilities section of the Medicaid application, and in the "Your Guide to West Virginia Medicaid" document. Once the applicant makes the request, the same notice delivered as a part of medically frail individuals' eligibility notice will be sent to the member. They must complete the form and return it to the Bureau to complete the process. All requests to disenroll from the ABP must be submitted in writing to the Bureau.
At any time whether an individual answers the trigger question on the application or calls to self-identify as meeting the medically frail criteria, they will have access to choice counseling by a variety of avenues. County workers and fiscal agent member help line staff are well informed about the rights and responsibilities and are able to assist members with the necessary information to change their choice.
